

I wrote the FCC; Tampa, FL police, and Clear Channel management last year to complain about a Clear Channel employee, named Todd Clem, (also known as "Bubba the Love Sponge"). They have continued to allow this misogynist to terrorize our airways. I ask you to issue a cease and desist order against this negligent corporation. Please, Clear Channel should lose it's right to broadcast anything, because they have taken away the right of the people of Tampa Bay Florida to change their radio stations without fear of hearing this person's filthy voice.
